The successful applicant will have:

- 3+ years coaching experience
- Minimum NCCP training/certification Train2Train (CCD preferred) or equivalent training and experience
- Strong technical knowledge and analysis of cross-country skiing
- Demonstrated competence in race wax selection, application, and testing
- Exceptional communication and interpersonal skills
- Excellent race support abilities
- Ability to present and write effectively
- Outstanding organization and time management
- Sufficient personal ski technique and fitness
- Computer competency (spreadsheets, word processing, database management, video transfer, web page maintenance)
- Degree in kinesiology, physiology, coaching, or related field an asset
- Ontario F-class drivers licence (or ability to obtain within first month)
